

The Genius of Dogs: How Dogs are Smarter than You Think

By Hare, Brian. Woods, Vanessa.

Dutton. 1 Cloth(s), 2013. hard. Book Condition: New. It's no surprise that dogs have a special bond with humans; what is surprising are recent scientific findings about how superbly adapted dogs are for cooperating with us. Researcher and science writer Vanessa Woods (author of *The Bonobo Handshake*) and her husband, evolutionary anthropologist Brian Hare (founder of Duke University's Canine Cognition Center) reveal some of the latest and most significant discoveries in dog intelligence, giving us new ways to understand and communicate with our canine companions. "[This] is a fantastic book. It makes it very clear that there are different kinds of intelligence. All dog lovers should read this book." Temple Grandin "Many authors have tried to anecdotally capture the emotional bond between humans and dogs. Here at last is a book that digs deep into cognitive science to unravel the mysteries of the canine brain. Thoroughly researched and written in the likable voice of a brainy scientist sitting at your kitchen table, *The Genius of Dogs* is a fascinating look at what goes on between the ears of the animals we share our lives with. I found it entertaining, fast-moving, and filled with gee-whiz insights that gave me a new appreciation for the...
