Theophrastian Studies: On Natural Science, Physics and Metaphysics, Ethics, Religion and Rhetoric

By William W. Fortenbaugh

Transaction Publishers. Hardback. Book Condition: new. BRAND NEW, Theophrastian Studies: On Natural Science, Physics and Metaphysics, Ethics, Religion and Rhetoric, William W. Fortenbaugh, This third volume in the Rutgers University Studies in Classical Humanities is closely related to Volume 2, Theophrastus of Eresus, in that it too reflects a new and growing international interest in Aristotle's successor as Head of the Peripatos. Seventeen scholars from six countries are contributors. Special attention is given to Theophrastus' work on natural science, in particular the surviving treatises On Smells, On Stones and On Fire. His ground breaking studies in botany are also brought to the foreground as is his role as a prototype ecologist. Theophrastus' physics and metaphysics are considered from various angles: his analysis of place, the character of his short work on metaphysics and this work's relationship to the larger Aristotelian treatise. In keeping with Theophrastus' almost universal interests, there are also contributions dealing with ethics, religion, and rhetoric. Contents: Part 1: The Scientific Opuscula: "The Structure and Function of Theophrastus' Treatise De odoribus," Georg Wdhrle; "Identification of Titles of Botanical Works of Theophrastus," Michael G. Sollenberger; "Theophrastus and the Study of the Intractable: Scientific Method in De lapidibus and De igne," ...

Reviews

Thorough manual for ebook fans. it had been writtern quite properly and valuable. It is extremely difficult to leave it before concluding, once you begin to read the book.

-- **Dr. Catherine Wehner**

Absolutely among the best book I have possibly go through. I have go through and that i am certain that i am going to gonna read through once again again in the future. I am just delighted to tell you that this is basically the finest book i have got go through within my personal existence and could be he finest book for ever.
