Leasing Concepts, United States, 2009. Paperback. Book Condition: New. 206 x 132 mm. Language: English . Brand New Book ***** Print on Demand *****.Not About Money is a contemporary story based on a sociological issue of the mistreatment of people in corporate environments. It is a story that is founded on the deterioration of ethics and standards in the workplace, and is a first-time reporting from a subordinate s perspective. Ellen reports, This is not an ailment of one corporation; it is widespread among much of big business today, as they struggle to survive in a competitive worldwide market. This story exposes the life of a successful corporate woman whose career becomes threatened by management s preference for young engineers. As the only female employee among the older group targeted, Ellen feels compelled to file a discrimination lawsuit to protect her rights and take a stand against corporate America. The sector this story targets is the automotive industry. Ellen Marie Blend offers powerful oration and explicit detail as she takes readers inside the court room and behind the scenes of this corporate scandal. Inspired by her own experiences as a professional corporate woman, Not About Money expresses her strengths as a woman fighting for what is morally right, and not the money!.
