TEN REASONS (PAPERBACK)

Createspace, United States, 2010. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.Based on scientific understanding of neuropathways and learning, TEN REASONS helps the reader learn to manage stress and anxiety by re-training the brain to consider alternative reasons for events which trigger anxiety and other stress-related reactions. In doing so, we immediately experience a decrease in anxiety and its physical symptoms. The nature of the reasons precipitates a neurological change proven to combat anxiety, with little effort on the reader's part. The 10 Reasons exercise is fun, not challenging! Although designed for anyone who experiences anxiety, the concept was developed by Lorin Neikirk, an adult on the autism spectrum (Aspergers). As a result, and unlike many concepts which do not take autistic thinking...
