DOWNLOAD

Brilliant Publications, United Kingdom, 2016. eBook. Book Condition: New. 1st edition. Language: N/A. Brand New Book. Brilliant Activities for Grammar is a 6 book photocopiable series to teach basic grammatical and punctuation concepts in a fun and memorable way, which will challenge and stimulate the whole class. Pupils are motivated to think logically about the activities and to share their knowledge and understanding with their peers through working individually, in pairs, groups or, sometimes, in whole class contexts. The sheets are designed for the practice, reinforcement and consolidation of grammar and punctuation skills and they address the requirements laid out in the Programmes of Study in the September 2014 National Curriculum. The books provide teachers with the tools they need to teach grammar effectively and will complement other language and literacy schemes of work. The activities teach the technical terms pupils need in order to be able to discuss language and promote the necessity of making the children s learning functional. When pupils properly understand the effects that grammar and punctuation have on text, they can transfer that knowledge to their own writing and thus develop their skills.
