

Silent Body, Vibrant Mind: Living with Motor Neurone Disease (2nd Revised edition)

By Peter Anderson

Brolga Publishing Pty Ltd. Paperback. Book Condition: new. BRAND NEW, Silent Body, Vibrant Mind: Living with Motor Neurone Disease (2nd Revised edition), Peter Anderson, Silent Body - Vibrant Mind is a love letter about life, love and family. In 2001 Peter Anderson was 37 and had the perfect life: very much in love and recently married with an infant daughter he adored; an intelligent and sensitive man working a job he loved as a popular secondary school teacher and a talented sportsman training for a marathon. The bubble was about to burst. Peter was diagnosed with Motor Neurone Disease (MND), a physically crippling disease that destroys nerve cells controlling muscular movement. He was told that over time his body would cease to function - yet his mind, his memory and his feelings would be untouched by the disease. His life expectancy was two years. Incredibly, eleven years on, despite Peter's body wasting away, his mind remains as it has always been: strong and vibrant, intelligent, enquiring, touched with gentle humour. Silent Body - Vibrant Mind has been written with often unimaginable physical difficulty. An unforgettable story about what matters in life.
